

# The Councils' Update

## Current Business

- **NSC Updates:**
- Speaker Molly O'Malley, Assistant Director of Diversity, Equity and Inclusion
  - Update on non-discrimination policy
  - Some student organization chapters of national organizations have conflicting national and NEOMED non-discriminatory policies. NEOMED does not discriminate on requirements for student leaders and representatives. If the group is part of a national organization, student leaders and representatives are subject to the rules of the national organization. However, NEOMED will not support discriminatory processes at the university level, and may ask students to reconsider their affiliation with any national organization in a situation of conflict surrounding discrimination
  - This will be reflected in the updated constitution and NEOMED's Compass Handbook
- Construction
  - Phase I – Status of South Corridor construction to Great Hall and Training Room
    - There are 30 pods that fit 6 people for Great Hall. There will be 8 pods in the Training Room. White boards and monitors will be at each pod and large screens will be on all 4 walls. There will also be new, functional lighting
  - Groundbreaking has begun for new Medical Office Building that will also house the Wasson Center and BioMed. The bookstore will likely move into the pharmacy location in the NEW Center and the Rootstown Community Pharmacy will move to another location in the NEW Center to allow for a drive-up service window
- Credentialing
  - New Immunization Tracking System to roll out June 1<sup>st</sup>
  - This will apply to all students except M4 students
  - Continuing Student Medical Insurance Waiver/Enrollment open from May 1<sup>st</sup> – July 1<sup>st</sup>
    - You must waive, otherwise you will automatically be enrolled and charged for NEOMED coverage
- NEOMED Field
  - Currently, there is no outdoor space for sporting events and the previously used space will be under construction for two years. We do not own the ODOT property, so this space cannot be used at the moment
  - For now, there is a lot of green space near the Village which can be used; the library depository parking lot can also be used
  - The Lot by Loretta drive cannot be used because there is gravel and roof shavings
- Seqoia's Hours
  - The 24/7 hour model will not happen. This is due to staffing, liability issues, and the overall business model
  - Extended hours is being looked into, be on the lookout for a survey to the students
  - There may be a shift in hours for the summer versus the winter season
- P1 Orientation will run August 20-22; White Coat Ceremony on August 23<sup>rd</sup>
- M1 Orientation will run July 24-26; White Coat Ceremony on August 2<sup>nd</sup>

- **SCC Updates:**
- Thank you to everyone who signed up to be a Peer Mentor, Student Success Mentor and/or a Tutor
- An Exam Review Task Force was formed to evaluate review processes that occur in Academic Services to see if there is room for modification
- Please take a look at the current draft of the P2 Fall and Spring Weekly Schedule in preparation for next semester
- We would like to say THANK YOU to Dr. Dugan for coming and answering all of your curriculum-related questions

## Class Concerns

---

### May 2019

- COG – No concerns
- M4 – No concerns
- P4 – No concerns
- M3 – Students are concerned about finishing clerkship and receiving the evaluation to complete before receiving the grade. Course directors do not have access to evaluations until after submitted grades. It takes a longer time for grades to be compiled and summarized for M3. Both processes are during parallel time frames and both are executed by different parties.
  - There is a proposal that the end of course evaluation is not due until the deadline for the grades to be submitted. It would be beneficial for the timelines to match, and students will provide more constructive feedback. This idea will be proposed to the Student Curriculum Council
- P3 – P3s just received an e-mail stating the mandatory TB testing date is during a mandatory class meeting. The solution is to have half of the class attend the meeting and half do the testing and then vice versa
- M2 – Students are concerned with Sequoia and the soccer field. See NSC updates in newsletter.
- P2 – No concerns
- M1 – A student inquired about the possibility of a confirmation e-mail with an add-on calendar feature every time a student RSVPs to an event. On the Presence App (NEOMED Events app) on the phone, you can use a feature to add it to your Outlook calendar. Student organization leaders are encouraged to send a confirmation e-mail a few days prior to the event
- P1 – No concerns

\*The budget report appears different as money previously used for student activities that were not requested by an individual student organization were previously included in the Student Organization event category. The funding for these activities is now included in the "Other NSC Spending category". Examples of activities and resources in this category include, but are not limited to: Presence subscription, Student Organization Fair, Business Etiquette Dinner, piano tuning, etc.
