

The Academy of Medicine of Cleveland & Northern Ohio

Medical Student Membership

WHO WE ARE:

For more than 195 years, The Academy of Medicine of Cleveland & Northern Ohio (AMCNO) has been the leading advocate for physicians in Northern Ohio. The AMCNO is dedicated to improving the practice of medicine for you, your staff and your patients.

We are proud to represent the physician voice at the local, state and federal levels, working collaboratively with other community organizations and associations on health care issues. We have been the voice of physicians and their patients in Cleveland since 1824, and we are proud stewards of Cleveland's medical community of the past, present, and future.

BENEFITS OF MEMBERSHIP:

FREE TO ALL MEDICAL STUDENTS IN TRAINING

- Free and discounted access to networking events and seminars (including CME-eligible activities)
- Opportunities to participate in community health care initiatives such as First Year Cleveland and the Northeast Ohio Opioid Consortium
- Direct practice resources, including discounts on worker's compensation insurance
- Patient referrals via our physician referral service
- Legislative tracking, advocacy training, and opportunities to engage in Columbus & Washington DC
- Access to over 5,000 current physician, resident, and medical student members
- Participation in one of the country's oldest medical societies—part of the Cleveland community since 1824

WHAT WE DO:

- **Advocacy and Public Policy:** Represent physicians before the Ohio General Assembly, State Medical Board, and other state and federal regulatory boards, working collaboratively with hospitals, community organizations and other associations in Northeast Ohio and Columbus
- **Legal Resources:** Publish amicus briefs and legal resource guides
- **Events:** Host events for physicians, medical residents and medical students to **network**
- **Practice Resources:** Provide information on latest practice requirements and provide connections to community resources for your patients
- **Communication and Public Relations:** Keep members informed of changes and developments in the medical community at the local, state and national levels and cultivate media and community relationships throughout Northeast Ohio to keep the issues of importance to organized medicine at the forefront
- **Public Health:** Participate in collaborative public health activities in the community
- **Education:** Provide educational opportunities and programming for our members, and support to area medical students
- **Community:** Offer community services, such as physician referral and the Pollen Line
