Class Concerns

December 2017

- Advisor Updates – Jan 5 – email will go out in the morning for a Free lunch for ISA open to M1 and M2 (12 to 1PM).
- Attention M3: Hardship and conflict of interest form due soon.
- Enrichment leave of absence (usually between 2nd/3rd year) - applications are due February 1st and can be accessed at the Student Affairs "forms" webpage.
- COG –Issues with NSC approachability and working within programs in the College of Graduate Studies
- Cannot find CVs of instructors on-line for nominating faculty for faculty award, suggest speaking directory with instructors or their admin support staff.
- M4 – Absent
- P4 – None
- M3 – Controversy with shadow ban, due to restrictions placed; agitated that they missed deadlines; difficult to contact Craig for academic concerns. Issues arising with student shadowing at clerkship sites.
- P3 – Students unaware of existence of a class budget. Questions as to limits of class budget usage. Class budgets are split between pharmacy and medical students. Money roles over until 4th year and can be used for commencement ball, match week and graduation month. No alcohol and must be open to everyone. Concerns regarding study areas in research building and security allowance. Student concerns about NSC funding and distribution to students. Possibly create FAQ for newsletter. Possible production of progression timeline for student organizations. Requesting information as to why Dean of COM search was internal; president's decision.
- P2 – None
- M1 – Representatives for student organizations are unaware of process for NSC funding requests. Issues with student organization leaders training future leaders. Maybe we should have a transition period for officers to educate incoming and students interested in process for funding?
- P1 – No ping-pong balls at the ping-pong table. Poor taste in the water fountains (non-filtered). If taste issue in a filtered fountain contact Dale in campus operations.
