College of Medicine (COM):

Applicants, Matriculants & Total Enrollment

Academic Years 2022–2023 through 2026–2027

Northeast Ohio Medical University | Office of Institutional Research

Data current as of Fall Census

Introduction

This report presents College of Medicine applicant, matriculant, and enrollment data for Northeast Ohio Medical University (NEOMED) across five academic years, from 2022–2023 through 2026–2027. Data are drawn from official Fall Census enrollment records and admissions data.

COM Applicants and Matriculants by Academic Year

The visualization below uses a combo chart format. Grouped bars display the total number of applicants (navy) and matriculants (teal) for each academic year. A dashed amber trend line connects the matriculant values to highlight change over time.

FIGURE 1: Applicant and Matriculant Trends Over Past 5 Academic Years

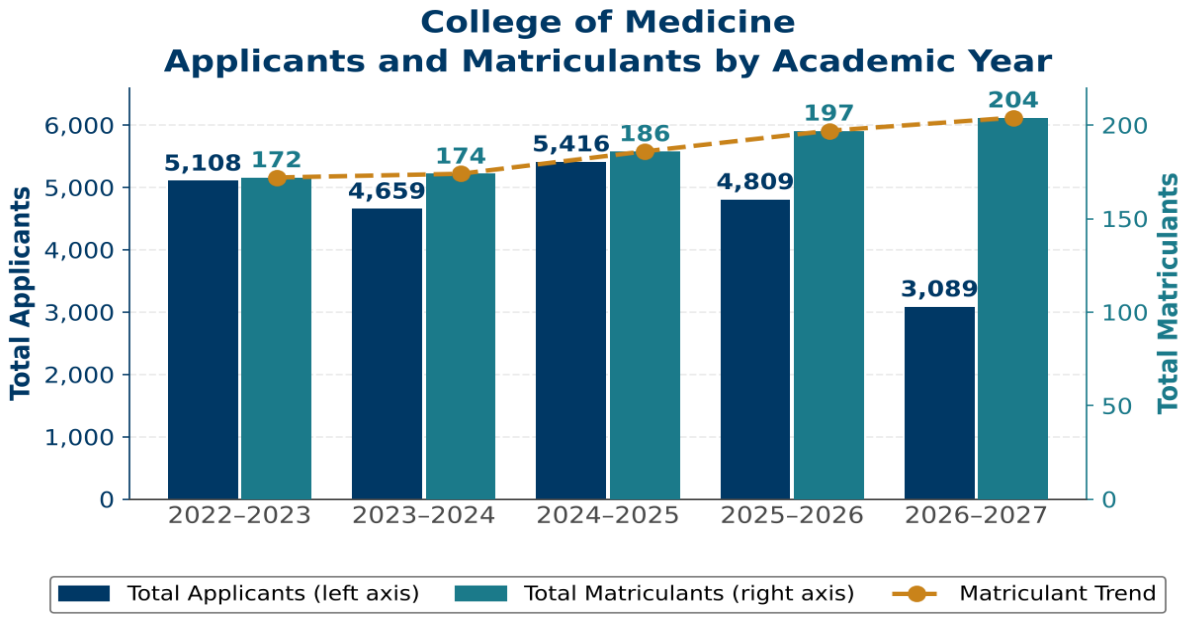

Figure 1: College of Medicine — Total Applicants and Matriculants, 2022–2023 through 2026–2027. Bars represent applicant (navy) and matriculant (teal) counts per academic year. Dashed amber line shows the matriculant trend. The complete data set is provided in Table 1.

Definition — Matriculants: *Inclusive of all First-Time and any Previously Admitted Students officially starting their degree program as of the Fall 15-Day (Census) date.*

COM Applicants and Matriculants Data Table

The data table below presents the complete applicant and matriculant figures underlying the previous visualization.

TABLE 1: Applicants and Matriculants Over Past 5 Academic Years

Metric	2022–2023	2023–2024	2024–2025	2025–2026	2026–2027

Table 1: College of Medicine — Total Applicants and Matriculants by Academic Year. The header row identifies each academic year. Data rows display Total Applicants and Total Matriculants respectively. Alternating row shading is decorative only and does not convey data meaning.

Definition — Matriculants: *Inclusive of all First-Time and any Previously Admitted Students officially starting their degree program as of the Fall 15-Day (Census) date.*

Fall Census College Enrollment by Gender

The visualization below uses a stacked bar chart with a total enrollment trend line. Each bar is divided into segments representing Male (navy), Female (teal), and Gender Unknown (gray) students, with each segment labeled with its exact headcount. The dashed amber line and labeled data points show total enrollment, making overall growth easy to track alongside the gender breakdown.

FIGURE 2: College Enrollment by Gender Over Past 5 Academic Years

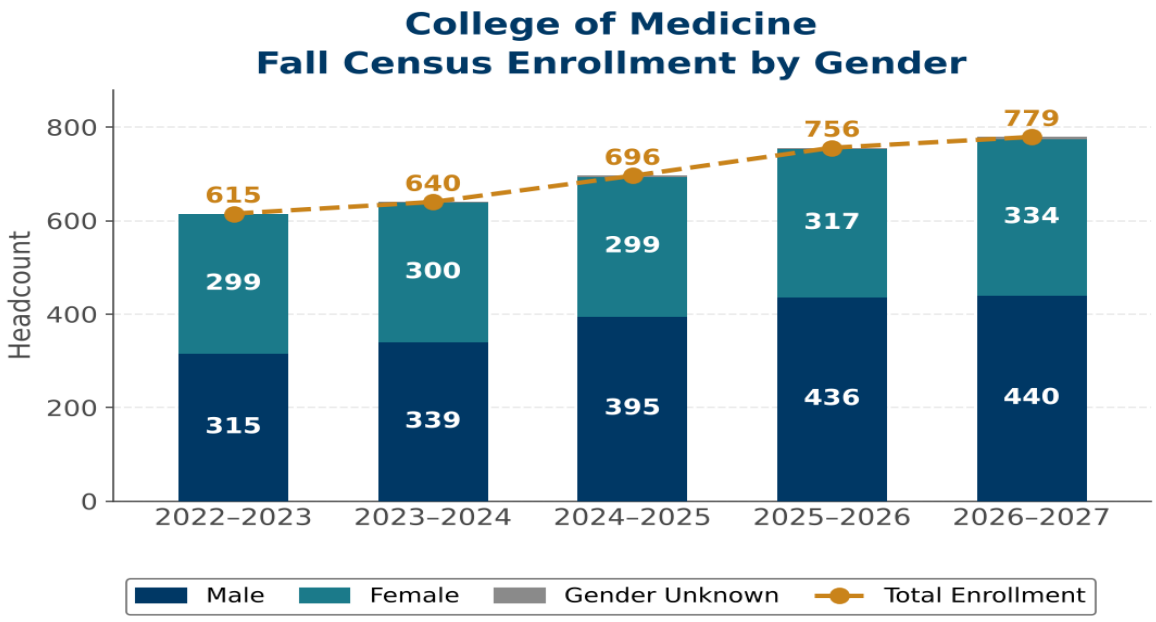

Figure 2. College of Medicine — Fall Census Enrollment by Gender, 2022–2023 through 2026–2027. Stacked bars represent Male (navy), Female (teal), and Gender Unknown (gray) enrollment counts per academic year. Dashed amber line indicates total enrollment. The complete data set is provided in Table 2.

Note: *All enrollment figures are reflective of the Fall 15-Day Census date.*

Fall Census College Enrollment by Gender Data Table

The data table below presents the complete enrollment figures underlying the previous visualization. Headcount and percentage figures are provided for each gender category across all academic years included.

TABLE 2: College Enrollment by Gender Over Past 5 Academic Years
