Data current as of Fall Census

Introduction

This report presents university-wide enrollment data for Northeast Ohio Medical University (NEOMED) across five academic years, from 2022–2023 through 2026–2027. Data are drawn from official Fall Census enrollment records.

Enrollment figures are disaggregated by gender category — Male, Female, and Unknown Gender — and are expressed both as headcounts and as percentages of total enrollment.

Enrollment by Gender: Academic Years 2022-2023 through 2026-2027

The visualization below combines a stacked bar chart with a total enrollment trend line. Each bar is divided into segments representing Male (navy), Female (teal), and Unknown Gender (warm gray) students, with each segment labeled with its exact headcount. The stacked bar height equals total enrollment for that year. The dashed amber line and labeled data points above each bar show total enrollment, making overall growth easy to track alongside the gender breakdown.
